

Rainbow Beach Trail Runs - 6th Nov 1993

Rainbow Beach is situated 2½ hours north of Brisbane and is accessible by conventional vehicle.

Accommodation is available in all forms from tent sites, self-contained units and motels. The area still maintains its wilderness even though there is a shopping centre and restaurants in the main street.

Registration is at the Surf Lifesaving Club on top of a colour sand cliff. This is where all races start and finish. The 50K + 33K start at 5.00am. The first 10km is on the hard sand on the beach, this is soon followed by 3km road until the Caloola Forest is reached. From here the longer event does an extra loop on a 4WD track down to Freshwater Creek, and then winds its way through magnificent palm rain forests to join the 33K field again. The 16K commences up the road and does a shorter loop in the palm forests. All races have to endure a steep sand blow.

Close finishes were the order of the day in all 3 races.
